Junior Handling

1st Toni McCue handling **River** – Although the only handler present Toni put up a good display of her handling skills. She gave an unrushed performance, standing she was aware of my positions at all times, shadowing well when needed. On table she gently presented River with head held high, level topline and well placed legs, showing his dentition as required, without any fuss. On the move she kept a good pace with a somewhat exuberant River, who was obviously enjoying his time in the ring, obeying my instructions as required. A worthy winner, I was happy to award her **Best Junior Handler** on the day.

Judge Pauline Sidgwick
